To Whom It May Concern,

Matt Bailey, of Steel Smith Buildings, Inc., has been a most helpful and patient sales representative. He was very prompt in replying to emails and returning calls, provided friendly customer service, and was very communicative – he even inquired as to the most convenient times to reach us, a courtesy that we greatly appreciated. Additionally, he was always striving to make our building project's costs to fall within our budget. I would highly recommend Steel Smith Buildings, Inc. to other building contractors.

Sincerely,

Kristina Sklioutovskaya
